

## Our Quality Runs Deep

The N&N Drilling Supply standard: Our casing meets or exceeds all DCDMA standards for uniform concentricity, size, material, and threads. N&N manufactures a large variety of Flush Joint Casing from 4130 cold-drawn seamless tubing. We stock a full line of 'W' series casing made of high-strength steel tubing. 'W' series casing offers the extra strength of double butt joints and added ease in cleaning threads. Our casing is flush threaded inside and out, and because of its 'W' series design, it does not require the use of a coupling. The outside diameter of each size casing will fit the hole drilled by the next larger size core bit. The dimensional design also allows one size of casing to fit within the next larger size. We have a large variety of rou & Flush Joint Casing made from top-quality 4130 grade material; heat-treated ends are available at an additional cost, 1026 and N-80 grade materials are available at reduced pricing, and left-hand threading is available at no additional cost. Many of N&N Drilling Supply's products, including our casing, are in stock and may often ship the same day we receive your order.

### Adapters

Manufactured from HT 4142 alloy  
**Available Adapter Configurations:**  
Box x Pin, Box x Box, Pin x Blank

### Core Bits & Accessories:

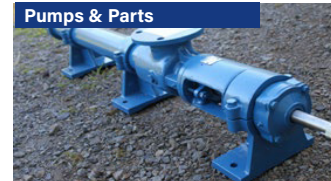

Bits: Impregnated, Surface Set, Carbide, PCD  
Shells: Diamond, Carbide Shoes: Diamond, Carbide

### Roller Bits:

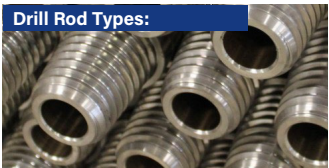

Tri-Cone & Bi-Cone, Carbide & Mill Tooth, Drag Bits, Step & Chevron, PDC Bits, Rotary & Coring

### Pumps & Parts

Complete pumps, Rotors, Stators, Connecting Rod Kits

### Drill Rod Types:

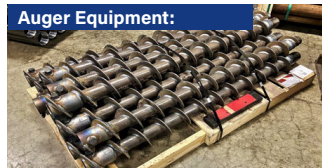

"W" Series, "J" Series, H.T. Wire line, Thin Wall Wire line, API-Water well Metric and Standard Available

### Well Products:

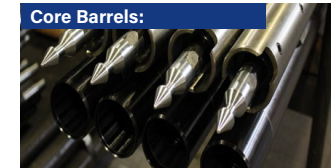

PVC Casing & Screen Locking Plugs, Well Covers, Brushes, Centralizers, Drilling Fluids / Additives, Down Hole Hammers

### Auger Equipment:

Hollow Stem: 2-Key, 3-Key Octagonal Cutter Heads—All Sizes: Spade, Blade, Bullet, 5-T, Concrete Cutters Solid Flight Augers  
Blades, Blocks, Pockets, Spades, Bullets, Finger Bits, Drive Caps, Cap Adapters

### Core Barrels:

Available Core Barrel Types:  
Wire line: AWL, BWL, NWL-2, NWL, HWL, PWL, Triple Tube: BWL -3, NWL-3, PWL-3, Conventional: BV, NV, NV-2, HV, PV, NWD4, DCDMA: WM, WG, 2-3/4" x 3-7/8", 4" x 5-1/2", 6" x 7-3/4"

### Casing:

Stock Sizes: AW, BW, NW, HW, PW, SW, ZW, BWT, NWT, HWT, PWT, SWT  
We also offer a complete line of Drive Heads, Drive Shoes, Diamond/Carbide Casing Shoes, Casing Cutter and Casing Advancers.

### Water Swivels & Accessories:

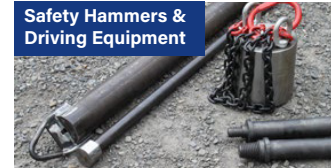

**Swivel Types:**  
2" Hex Side-feed  
1-5/8" Hex Side-feed IJW & 2JW  
Top-mount Universal 40k & 25k  
Compact, Compact Plus, High Speed Coring.

### Soil Sampling Equipment:

Standard: 1-1/2" - 4"  
Lynac Standard & Heavy Duty: 2" - 4"  
Stainless: 2" - 3"  
California Modified: 2" - 4" Thin Wall  
Shelby Tubes, Stationary Piston Samplers, Dennison Samplers

### Safety Hammers & Driving Equipment

140# Safety Hammers  
300# Safety Hammers  
In-Hole Hammers  
Guide Pull Pieces  
Drive Heads  
H.D. Hoisting Plugs  
Fast Plugs  
Pull Plates  
Holding Irons
